### Commissioner's Report

---

To Charles R. Grant, J. Clifton Avery and William A. Bixby, Selectmen of Wolfeboro, N. H..

I hereby submit the following report as Highway Commissioner of the Town of Wolfeboro, for the year 1919.

The Winter, after February 1st., was very mild. In the early Spring, the work of going over the town roads was begun, with the aid of the road machine and King drags, and was nearly completed by July 1st., but Fall rains and heavy traffic made some of the main roads almost impassable.

Factory Street was graded and macadamized.

Twenty barrels of tar was bought of American Tar Co. as a binder for this road.

Main Street was treated to a coat of Tarvia B. from Center Street to above the Sheridan House.

State aid maintenance was used from South Wolfeboro to Tuftonboro Line. 9966 gallons Tarvia B was applied with gravel, also State aid construction, beginning at Center Street, Wolfeboro Falls, and extending to Bay Street, a distance of 1950 lineal feet.

Ossipee and Suncook, or Federal road, beginning at the residence of John Jackson and extending to near the residence of George Smith, a distance of about 1000 feet, was built — according to Federal specifications—with 12 inch Telford base 21 feet wide and 15 feet roadbed of water bound macadam, 32 tons No. 1, 10 tons No. 2, 8 tons screenings per 100 feet. This is the most expensive part of this road, as only a few hundred feet more on this project are to have a Telford base.

About 3000 feet on the Farm road has been graded and widened, all culverts re-laid and new ones put in where needed. One half the expense of this road was donated by a friend.

The village sidewalks have been re-surfaced, and material bought for concreting, but owing to labor conditions only a small portion was used.

On the Mountain road there is a balance of \$40.25 not expended.

During the past season one and four-tenths miles of permanent road has been built.

For cost of Highway Department see detailed report.

ALBERT A. CARR,  
Commissioner

REPORT OF THE LIBRARIAN

---

To the Board of Trustees of the Wolfeboro Town Library:

Gentlemen:

The fourteenth annual report of the librarian is herewith presented.

Mr. C. F. Lummis, a well known librarian, at one time asked a number of people to write him of their opinion of the value of a public library to a community. Among other answers he received the following from the pen of Theodore Roosevelt. "After the church and the schools, the free public library is the most effective influence for good in America.

The moral, mental, and material benefit to be derived from a carefully selected collection of books free to all the people cannot be over estimated. No community can afford to be without a library."

There has been no new feature in the local work during the past year. The period of reconstruction is felt in the increased cost of running the library, for which reason fewer books have been purchased. Perhaps we may blame the war also that the proportion of fiction books circulated is larger than ever before. This may be a natural relaxation after the intense strain.

The total circulation for the year has been 17,884 books, of these classes: fiction 9,111, non-fiction 2,756, children's books 6,017. There have been 235 books added to the two libraries, 25 of which were contributed.

Forty-eight periodicals are coming regularly to the library from various sources. All but current numbers are loaned the same as books. The back that are indexed are placed on permanent file, and already make a reference library in themselves. We have a complete file of the local paper for 18 years. Perhaps some citizen has a file back of this which he would contribute.

But little has been done in the way of Branch work, in the outlying districts of the town. This is for the lack of persons in those places who are willing to take responsibility for the care of the books. Those outside of the village precinct who come to the library are given four weeks on books without renewal.

Twice during the past 18 months, has the library been closed because of epidemic. The questions that have come at these times especially from the children in regard to reopening, make us feel that the library has no small place in town.

The year has brought changes in the passing away of Mr. Estabrook and Mr. William Brewster from the Board of Brewster Trustees. The helpful interest and generous contributions of these two men will be greatly missed.

In the Town library Mr. Pierce A. Horne has retired from the Board of Trustees, which he had served as treasurer for 16 years. He is succeeded by Mr. Andrew Doe.

The time has come that we are handicapped by the lack of suitable equipment, and it is hoped that

the time is not far distant when the library can be re-modeled, enlarged, and several attractive features added.

Also we must have a larger appropriation from the town, if the library is to be kept up to its usual standard during this time of ascending prices. The cost of all materials and books has advanced from 30 to 50 percent.

The following is a report of the money taken at the desk during the year:

### AUDITORS' REPORT

We have examined the accounts of the Selectmen, Town Treasurer, Collector of Taxes, Trustees of Trust Funds, Library Trustees and Collector of Water Works, and find them correctly cast and properly vouched.

The accounts have been arranged this year in accordance with the uniform classification adopted by the State Tax Commission and it is expected that all future reports will be prepared in a like manner.
